

## GENERAL PURPOSE ULTRAFIBRE HAND CLOTHS

- Ideal for any job requiring hand wiping or dusting
- Pola Millentex fabric is recognized as an extremely high quality microfibre cloth
- Helps reduce repetitive stress injuries as the microfibre picks up more dirt with less scrubbing
- 5 cloths/package

Priced per Package

Model No.	Mfg. No.	Colour	W" x L"	Price /Each
JG070	603	Green	12 x 12	
JG093	604	Pink	12 x 12	
JG109	608	Grey	12 x 12	
JG191	80609	Yellow	12 x 12	

## ULTRASILVER GENERAL PURPOSE HAND CLOTHS

- Combine the cleaning power of Millentex microfibre with the antibacterial benefit of silver
- Microfibre picks up dirt and bacteria on a microscopic level, while silver ions bound within the fibres of the cloth prevent the growth of organisms that cause sour smells
- Can be laundered hundreds of times and remain useful
- Available in four distinct colours to aid in the implementation of HACCP programs
- 5 cloths/package

Priced per Package

Model No.	Mfg. No.	Colour	W" x L"	Price /Each
JG086	60372	Green	12 x 12	
JG084	60370	Red	12 x 12	
JG085	60371	Yellow	12 x 12	
JG087	60373	Blue	12 x 12	

## HANDYSCRUB™ SCRUBBING PADS

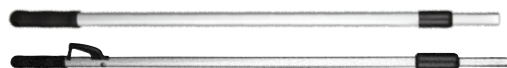

- Combines the cleaning power of microfibre with the antibacterial benefit of silver ion technology
- Microfibre picks up dirt and bacteria from surfaces and silver ions bound in the fibre prevent the growth of micro-organisms within the cloth
- Adds one more layer of protection against the spread of infectious diseases in the workplace
- Dimensions: 3.15" x 4.75"
- Colour: Blue
- 5/pkg.

Model No. JD230  
Mfg. No. 60360

## KWIK SYSTEM

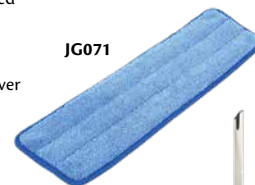

- Kwik system handles are designed for use with any Kwik system flat frames or microblade flexible dust frame
- Handles can extend and get adjusted for ergonomic correctness or to reach high areas when dusting with flexible dusters
- Kwik System Hook and Loop frames are built with high-grade extruded aluminum and composites for light weight but extreme durability
- Thin, low profile frame fits under furniture with ease
- Special connector can swivel 360° for use on floors, or be locked to use for wall washing
- Ideal ergonomic tool for professionals in health care facilities, especially as they are chemical-resistant and autoclavable for disinfection

Model No.	Mfg. No.	Description	Price /Each
JF864	36781	Twist Lock - 35" to 67"	
JF670	2143	Hook & Loop Frame 15.75"	
JF671	2144	Hook & Loop Frame 22"	

## KWIKSTREAM FLOOR MOPPING SYSTEM

- Kwikstream handle has a built-in reservoir within the handle itself
- Internal reservoir means the Kwikstream has a very low profile allowing it to get into hard to reach places like stairs, under beds, under furniture
- Water and chemical consumption is dramatically reduced
- Labour efficiency improves when comparing it with other traditional ways of cleaning using a bucket
- Microsilver flat pad combines the cleaning power of Millentex microfibre with the antibacterial benefit of silver
- Excellent pick up and absorbency
- Available with three distinct trim colours to aid in the implementation of HACCP programs

JG071

JF865

Model No.	Mfg. No.	Description	Length"	Price /Each
JF865	36783	Handle & Frame	-	
JG071	60320	Flat Mop - Blue	16.5	
JG072	60321	Flat Mop - Green	16.5	
JG073	60322	Flat Mop - Red	16.5	

## MICROSILVER HOOK & LOOP DUST MOPS

- Features a low-pile microfibre pad surrounded by candy-stripe microfibre fringe to trap hairs, dust bunnies and light debris
- Z-hook and loop backing ensures a secure fit on the flat frame

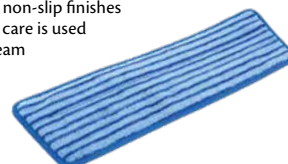

JG078

Model No.	Mfg. No.	Size"	Frame	Price /Each
JG078	60330	18	JF670	
JG079	60331	24	JF671	

## MICROSILVER HOOK & LOOP SCRUB MOPS

- Combines 5-layer engineering, microfibre and silver Ion technology with stripes of scrubbing fibres to loosen dirt from textured surfaces such as tiled flooring or non-slip finishes
- Lasts for hundreds of launderings when proper care is used
- Use damp with a Kwik Frame JF670 or Kwikstream self-contained mopping system JF865
- Length: 16.5"
